

Group Coordinators Report for 2020 AGM

Firstly, a big thank you to all group leaders who do an excellent job, without whom the classes couldn't run.

We had 62 classes in venues/homes and 4 other groups, walking, wine, film and lunch club, in the last year, covering 34 subjects. Of these there were a few non-starters, Meditation, Keep Fit and Dance, and Free Your Body to Music.

We were then hit by the virus and most classes came to a halt in March. The plus side, was the weather has been brilliant, so we have all been able to do all those jobs we have put off!

After a couple of minor accidents, we were asked if any First Aid training was available. So arrangements were made for The Red Cross to hold a course in the Glastonbury Town Hall. Unfortunately, this was first cancelled by them and then after re-arranging was cancelled due to Covid-19. I have just received a mail from them confirming all workshops are temporarily stopped. They are providing an online course 'Everyday First Aid Skills' for anyone interested. The link is on our website.

We had already gone through the process of arranging the summer programme, but this too had to be cancelled.

We all look forward to our new programme and being able to start. At the moment we have 2 new classes. Music Appreciation and Family History, details to be on the website.

Also, we need volunteer Group Leaders for Singing for Pleasure, Music Jamming, Reading Shakespeare 1 and Ukulele Improvers, so if anyone is interested in running these groups please let us know.
